

Grade 7 EMS Worksheet

Assessment Task: Business ventures

**Assess whether your business idea is responsible and sustainable
(Group activity)**

- a) Identify and list all the role players that will be affected by your business idea.
- b) State how your business idea will affect each of the role players.
- c) Explain the effect your business idea will have on the natural environment.

Record your answers in a table like the one below.

Role players	How they are affected

Group assessment checklist

Criteria	Yes	No
Our group was able to write down in table format the effect our venture would have on all role players.		
Our group was able to indicate what effect our venture would have on the environment.		
Our business idea is sustainable and responsible.		

Grade 7 EMS Worksheet

Suggested Solutions

Question number	Possible marks	Solution																				
1	None	Rafiq's group chose to render a childminding service. Look at their table:																				
		<table border="1"> <thead> <tr> <th>Role players</th> <th>How they are affected</th> </tr> </thead> <tbody> <tr> <td>Grade 7s</td> <td>They will sacrifice some time and get an opportunity to perform a community service and earn money towards the school fund.</td> </tr> <tr> <td>Teachers</td> <td>They will sacrifice time for supervising the childminders and also help contribute to the school fund.</td> </tr> <tr> <td>Our parents</td> <td>They will get an opportunity to help us to make a contribution to the community. They will also sacrifice some time if they are asked to supervise the childminding, but this will affect only those who volunteer.</td> </tr> <tr> <td>The 'client' parents</td> <td>They will receive a much-needed childminding service. The service is not too expensive as prices are based on what the needs analysis indicated they were willing to pay.</td> </tr> <tr> <td>The 'client' kiddies</td> <td>They will be looked after and they will play fun and constructive games while their parents are out.</td> </tr> <tr> <td>The school</td> <td>The school will benefit because the playground next to the school will be cleaned up and the school will be seen as offering a service needed by the community.</td> </tr> <tr> <td>The municipality</td> <td>The municipality will contribute by cleaning the playground. They will not be negatively affected, because it is part of their service delivery mandate.</td> </tr> <tr> <td>The local toy store</td> <td>They will donate toys for kids to play with in exchange for having their advertising sign placed outside the school for the duration of our business project.</td> </tr> <tr> <td>The environment</td> <td>Our business venture will have no negative effect on the environment whatsoever. We are rendering a service and don't need to use any natural resources directly.</td> </tr> </tbody> </table>	Role players	How they are affected	Grade 7s	They will sacrifice some time and get an opportunity to perform a community service and earn money towards the school fund.	Teachers	They will sacrifice time for supervising the childminders and also help contribute to the school fund.	Our parents	They will get an opportunity to help us to make a contribution to the community. They will also sacrifice some time if they are asked to supervise the childminding, but this will affect only those who volunteer.	The 'client' parents	They will receive a much-needed childminding service. The service is not too expensive as prices are based on what the needs analysis indicated they were willing to pay.	The 'client' kiddies	They will be looked after and they will play fun and constructive games while their parents are out.	The school	The school will benefit because the playground next to the school will be cleaned up and the school will be seen as offering a service needed by the community.	The municipality	The municipality will contribute by cleaning the playground. They will not be negatively affected, because it is part of their service delivery mandate.	The local toy store	They will donate toys for kids to play with in exchange for having their advertising sign placed outside the school for the duration of our business project.	The environment	Our business venture will have no negative effect on the environment whatsoever. We are rendering a service and don't need to use any natural resources directly.
		Role players	How they are affected																			
		Grade 7s	They will sacrifice some time and get an opportunity to perform a community service and earn money towards the school fund.																			
		Teachers	They will sacrifice time for supervising the childminders and also help contribute to the school fund.																			
		Our parents	They will get an opportunity to help us to make a contribution to the community. They will also sacrifice some time if they are asked to supervise the childminding, but this will affect only those who volunteer.																			
		The 'client' parents	They will receive a much-needed childminding service. The service is not too expensive as prices are based on what the needs analysis indicated they were willing to pay.																			
		The 'client' kiddies	They will be looked after and they will play fun and constructive games while their parents are out.																			
		The school	The school will benefit because the playground next to the school will be cleaned up and the school will be seen as offering a service needed by the community.																			
		The municipality	The municipality will contribute by cleaning the playground. They will not be negatively affected, because it is part of their service delivery mandate.																			
The local toy store	They will donate toys for kids to play with in exchange for having their advertising sign placed outside the school for the duration of our business project.																					
The environment	Our business venture will have no negative effect on the environment whatsoever. We are rendering a service and don't need to use any natural resources directly.
