### Assessment Task: Using a Thesaurus and finding words

#### Using a thesaurus

1. A thesaurus contains words with similar meanings to the word you are looking up. Entries are arranged alphabetically. It gives you a number of synonyms and helps you by growing your vocabulary.
2. Use the thesaurus to find adjectives to describe yourself.
3. Work in groups of two or four.
4. All group members must use their names as an acronym with at least two adjectives per letter.

Example: **K** – (kind) considerate, thoughtful

**I** – (intelligent) bright, wise

**M** – (motivated) enthusiastic, positive

Write the initial word in brackets and list two synonyms from the thesaurus next to it.

Learners who have long names may use abbreviated names to save time.

5. Present your work on an A3 poster. Plan your poster before you begin.
6. Refer to the assessment criteria to edit your work.
