Grade 7 Maths Worksheet

Assessment Task: Finance mathematics

Questions:

1. A new pair of jeans will cost you R250 cash. The store advertises that all jeans are discounted by 25%. What will a jean cost you know?

   A) R225
   B) R62,50
   C) R187,50
   D) R100

Solution

1.   D: New = 250 (0,75) = R187,50

This question can be answered by first finding what 25% of the price is and then subtracting.

<u>Appendix of Assignment Tools</u>
