

Grade 8 Technology Worksheet

Changing axis and direction

1. Look carefully at the table below and answer in with a tick (✓) under Yes or No.

Mechanism	INPUT different from OUTPUT ?	Yes	No
Bevel gears	Is the rotation in a different direction? Is the rotation along a different axis?		
Worm and wheel	Is the rotation in a different direction? Is the rotation along a different axis?		
Belt drive	Is the rotation in a different direction? Is the rotation along a different axis?		
Simple gear train	Is the rotation in a different direction? Is the rotation along a different axis?		
Idler gear	Is the rotation in a different direction? Is the rotation along a different axis?		
Cross-over belt	Is the rotation in a different direction? Is the rotation along a different axis?
