Goods and services in my community

Do a quick survey of your own community. Report your findings in table format.

- Identify at least 10 different businesses in your area.
- State which of these businesses are service businesses and which are 'goods businesses' (manufacturers or retailers selling goods).
- List the main goods or services that are sold by these businesses.

Name of business	Type of business (service or goods)	Service or goods sold by business

Self-assessment:

Criteria	Yes	No
I could identify the names of various businesses in our area.		
I could list the businesses that provide services.		
I could list the businesses that manufacture or sell goods.		
I understand the difference between a business that sells goods and one that sells a service.
