

Bursary Programme

Etion Create is an Original Design Manufacturer that specialises in the design, manufacture, integration and support of advanced electronic and embedded solutions and customised digital products.

As a leading company in this domain, we are committed to investing in the future of innovation and engineering talent. We are proud to offer bursaries to two deserving university students per year, who have successfully completed either their second or third year of study in BEng (Electronics) and/or BEng Computer Engineering.

This bursary programme is designed to support academic excellence and alleviate financial pressures by covering registration and tuition fees, accommodation, meal vouchers, and prescribed textbooks. Through this initiative, we aim to empower the next generation of engineers and contribute to the growth of this advanced technological sector.

Eligibility Criteria:

- Matric transcripts with Maths and Science results reflecting.
- Second and/ or third year transcripts of semester marks within your BEng (Electronics) and/or BEng Computer Engineering course.
- South African citizens with valid ID number.

Please note: This is not a salaried position. No salary will be earned under the bursary programme; however, the above study-related costs will be covered.

Important Information:

- The bursary cycle follows a standard academic year (January to December).
- Applications close on 17 October 2025.
- All applicants must be available for interviews in November 2025 and vacation work during 2026.

If you meet the requirements and are interested in applying for this bursary programme, please apply at <https://etioncreate.co.za/careers/>

Please quote **Ref #: ECBUR2026**.

Please note that feedback will be given to short-listed applicants only.

We offer a
welcoming and caring
work environment
